INVITATION

Ladies and Gentlemen,

Welcome to the 10th Congress on Central and Eastern Europe, which is traditionally taking place within the framework of the Euro Finance Week.

This year's conference will present a wide range of interesting topics to its audience: from strategic visions for Central Europe of leading European banks, to a view beyond Central Europe as well as a discussion of corporate professionals about challenging structures particularly also concerning infrastructure in Central and Eastern Europe. We cordially invite you to expand your network and to experience how you can profit from the expertise of banks, making visions realities and empowering optimism in Central and Eastern Europe and beyond.

In the first panel, members of the Management Boards of leading European banks will exchange their views about strategic visions for Central Europe. We are all very keen to hear whether and how the leading European banks will continue to position themselves in these still expanding neighbouring markets.

The second panel aims at providing a view beyond Central Europe. The President of the European Bank for Reconstruction and Development (EBRD), Jean Lemierre, will meet Alessandro Profumo, CEO of UniCredit Group. Both will give us an update about their visions and the realities they are facing beyond Central Europe.

Afterwards, corporate professionals will discuss the challenges that Central and Eastern Europe faces regarding structure and infrastructure. We are keen on getting an insight which bottlenecks exist in the development of the Central and Eastern European economies and a discussion on how they will or can be overcome.

We would like to thank all of the speakers for accepting our invitation to participate actively in this congress. Furthermore, our gratitude goes to the institutions supporting this congress. Without them this conference would not have been possible. We look forward to welcoming you to the congress.

With best regards,

Dr. Nader Maleki
President
IBF International Bankers Forum e.V.
