# Congress on Central and Eastern Europe

»Lessons from the Crisis  
in Russia and the CEE Region«

Thursday, 19 November 2009  
Congress Center Messe Frankfurt  
Frankfurt am Main, Germany

## INVITATION

Ladies and Gentlemen,

Welcome to the 12<sup>th</sup> Congress on Central and Eastern Europe, which traditionally takes place within the framework of the FRANKFURT EURO FINANCE WEEK.

The conference's motto: »Lessons from the Crisis in Russia and the CEE Region« will give high profile panellists the opportunity to share their different answers to the crisis. The region boasts countries that have fared well in the crisis while some countries have been hit severely. Some countries have already undergone major adjustments while others are in the middle of them. Politicians and top bankers from different countries will have a different focus regarding the lessons they have learned and in their view of and their agenda for the future.

A special focus will be given to the role of stock exchanges as organisers of regulated securities markets. Especially in times of financial crisis the ability of exchanges to provide a reliable trading infrastructure even for very high order volumes and to reduce risks for market participants in the area of clearing and settlement is clearly having a stabilizing effect on the financial markets.

We would like to thank all the speakers for accepting our invitation to participate in this congress. Furthermore, our gratitude goes to the supporting institutions. We look forward to welcoming you to the congress.

With best regards

Dr. Nader Maleki  
President  
International Bankers Forum e.V.
