Ladies and Gentlemen,

It is our great honour to welcome you to this year's Euro-Arab Dialogue in Frankfurt am Main, which is co-hosted by the Union of Arab Banks and the Maleki Group. The two-day conference addresses topics in global energy and water infrastructure. Both are of vital importance for the Arab World and Europe and we are delighted to offer a forum on these issues in the framework of the FRANKFURT GLOBAL BUSINESS WEEK.

The first day of the conference focuses on issues in global water infrastructure. The imbalance between water supply and demand and the competing demands of agriculture, industry, and urban agglomerations will be discussed by speakers from Africa, Asia, America and Europe.

On the second day, the Euro-Arab Dialogue continues on the topic of global energy infrastructure. The role of mega projects in increasing renewables, financing energy infrastructure, as well as the future of gas, oil, and nuclear energy in preventing an energy gap, are subjects of the debate.

We extend our wishes to all participants for a fruitful summit and are looking forward to welcoming you in Frankfurt am Main on May 20 – 21, 2010.

Dr. Adnan A. Yousif
Chairman of the Board
Union of Arab Banks

Dr. Nader Maleki
Chairman & CEO
Maleki Group

8.00 a.m. Registration

9.00 a.m. Welcome Address
